DIRECTIONAL FAULT FINDER AND FENCE METER

Accurately measure fence voltage and quickly diagnose performance issues with the Nemtek Fence Meter. This precision testing tool enables users to verify energiser output, locate voltage drops, and assess overall fence condition along the line. Built for dependable field use, it provides clear readings that support effective fault-finding, routine maintenance, and optimal electric fence performance.

Features:

- Patented fence probe offers more accurate readings
- Quickly and easily locates faults along the fence line
- Large LCD display for easy reading
- Displays current, voltage and the direction of a fault
- Lightweight with a convenient belt clip
- Slimline rugged design with a water-resistant case
- Low battery warning
- Automatic energizer polarity detection
- Can be used with most energizers

**Pouch sold separately*

Specifications:

Voltage Display Range	-14kV to 14kV
Current Display Range	1A to 85A
Automatic Turn-On Voltage	150V
Battery Type	2 x 1.5V AAA
Battery Life	~200 hours
Operating temperature	-10°C to 50°C
